

# Watts, Burnside, Bacon Win Top Posts

## Vets Elect New Officers

A vets club is again being organized at CBC with the first meeting seeing the new officers being elected. Dick Haney was elected president, Larry Osterman vice president, Delmont Briggeman was elected secretary and Melvin Sexton, treasurer.

There are about 130 vets attending CBC, and the officers are striving to get a 100 per cent membership. The president has been quoted in saying that "This club is all for the betterment of the school."

At the present time it is the only mens club in CBC, and they are planning many functions as soon as they get fully organized. Vets interested in joining the club are urged to attend the next meeting.

## Race Runs Close Finish

The runoff-election for ASB officers held last Wednesday, saw Jim Watts, Tom Burnside, and Darlene Bacon elected president, vice-president and secretary-treasurer respectively.

Watts, who on the first ballot, had six less votes than Keith Sterling and Chuck McHaney put together, won on the second ballot by eight votes. None of the candidates for any of the offices got the 51 per cent of votes cast need to win on the first ballot.

The other candidates in the final election received votes as follows: vice president, Tom Burnside 105 and Merv Newill 74; secretary-treasurer, Darlene Bacon 108 and Dottie Jo Buettner 71.

President Watts is a sophomore at CBC. He served on student body committees during his freshman year. Watts ran on a platform supporting student body activities and he plans to promote campus activities among all members of the student body. "If the activities program is to succeed, we need the full support of every member of the student body; if this support is lacking, the activity program will fall apart."

Vice-president Burnside, also a sophomore, was editor of the Collegiate last year, secretary of the Vet's Club, band member, and served on various committees.

Secretary Bacon, is a freshman from Pasco high. She was active in school affairs, having served as homecoming queen and held office in several school organizations.

## District Bond Issue To Appear On Nov. Ballot

### Favorable Vote To Help College

The school bond issue of the Pasco school district will appear on the ballot in Franklin County in the November 6 election. The bill will call for bonds totaling \$575,000, if this amount can be legally sold.

The purpose of the bond issue is to furnish the school district with a share of the cost for four new academic buildings at Columbia Basin College. It will also include funds for equipment in the various district schools, improvements for the new Edgar Brown Memorial Stadium, especially lighting facilities, and money left for the construction of junior high school needs.

The acceptance of the bond issue will make the school district eligible for additional state money. As of this year, the district has never lost a bond issue.

Between 75 and 80 per cent of the total cost of the new academic buildings will be, according to regulation, the expense of the state.

The new buildings will have the facilities to accommodate about 900 academic students. The cost of the buildings will run close to the one and a half million mark. The Pasco school district will be expected to supply approximately 20 per cent of the total expense.

Failure to carry the bond issue will result in serious delay of the building project. A 60 per cent majority is needed to pass the bill.

Preliminary sketches of the buildings may be viewed in the conference room on the north end of the cafeteria.

## CBC Calendar...

## Picks Fulton, Marsh, Shook To Lead Cheers At Hawks' Games

Elected as cheer leaders for Columbia Basin College for the new year are Anne Marie (Bunny) Fulton, 18, of Honolulu, Hawaii; Francee Marsh, 18, of Kennewick and Donald Shook, 20, of Kennewick.

Bunny Fulton attended Roosevelt High School in Honolulu, where she was active in various school activities. She was on the Tennis team for three years and was a song leader of 55-56. She was one of the members of the school swimming team and was President of the Projectionists Club for two years.

She is taking a General

Course at CBC prior to entering a larger school.

Francee Marsh graduated from Kennewick High School and came to CBC on a Music Scholarship. While attending high school she won the award for the "most school spirit," was a cheer leader in her freshman and senior years, and participated in the Modern Music Masters Chorus. She belonged to the Future Teachers' Association and is majoring in music.

Donald Shook attended Columbia High School in Richland. (Continued on Pg. 2, Col. 3)

## Night School Opens Here

Columbia Basin College evening school, directed by Mr. Harold Severaid, started classes September 14 at the college and at Pasco high school. The college's community service offers 19 classes at high school, college and industrial apprenticeship levels.

Last year 1800 people completed courses according to Mrs. J. C. Stappeler, assistant director in charge of home economics. Enrollment is open for fall quarter of Columbia Basin College evening school in the following classes:

General Machine Shop, Tuesday, 7-10 p.m., Fred Keezer, instructor.  
Welding, Monday, Tuesday, Wednesday or Thursday, 6:30 to 9:30 p.m., Walter Culbert, instructor.  
Blueprint reading, Monday 7 to 10 p.m., Allen Stanley, instructor.  
Drafting, Thursday 7 to 10 p.m., Allen Stanley, instructor.  
Typing 1 and 2, Monday and Wednesday, at the Pasco High School, 7:30 to 9:30 p.m., Mrs. Barbara Jackson, instructor.

Bookkeeping and office machines (which include Full Key Add-list, 10 Key Add-list, Rotary Calculator, Printing Calculator, and Comptometer), Tuesday and Thursday 7:30 to 9:30, Wilbur Miller, instructor.

Sewing for the family, 7-10 p.m. Monday, Miss Mary Wager, instructor, at Pasco High School.

Beginning sewing, 7-10 p.m. Tuesday, Mrs. Dorothy Van Vliet, instructor.  
Chorus and choir directing, Monday, 7:30-9:30 p.m. Bill Ames, instructor.  
Millinery designing, 9:30-11:30 a.m. Tuesday, Mrs. Beulah Barrett, instructor, at Longfellow Grade School.

Math 01 (refresher mathematics) Monday and Wednesday from 7 to 9:30 p.m., Roland Jantz, instructor.

English 01 (refresher English), Tuesday 7-9:30 p.m. Tom Barton, instructor.  
CLASSES FOR COLLEGE CREDIT  
Math 101 (College Algebra) Monday and Wednesday, 7-9:30 p.m., Dale Comstock, instructor.

English 101, (College English) Thursday, 7-9:30 p.m., Tom Barton, instructor.  
Essentials of Speaking 140, Tuesday, 7-9:30 p.m.

(Continued on Pg. 2, Col. 1)

## How To Influence Professors

(ACP)—Oklahoma Daily writer Ed Turner has come up with a new way of college living which, in keeping with the times, he calls "classmanship." Briefly, he says, it means the knack of frustrating a well-meaning professor to such an extent that he will want to quit his chosen profession as an educator and go to work for a munitions factory. Here are some of his rules:

"First of all: always be late to class. Upon entering NEVER look meek or apologetic for disturbing the class. Appear surprised as if this section was scheduled to meet at this time or even look hurt that they could go on without you. Many an accomplished classman has caused the professor to thumb quickly through his class bulletin to see if perhaps they should have met at 8:35 instead of 8:10.

Disagree openly with the professor. An economics instructor says in his most profound and sonorous tones: 'The theories of Adam Smith are the foundations of our modern system of economics.' You say in an audible whisper: 'But that's so passe' . . . making him look as if he had an old pair of plus-fours and was shouting 23 skidoo instead of delivering a lecture.

'Leavemanship is another effective gambit that will add sparkle to every class room. About 10 minutes before the class is over slam your book shut, zip up your notebook, tuck your pencil neatly in your pocket and begin tapping your foot spasmodically, whistling to yourself, if you are a poor whistler. At five minutes before the hour, scoot up on the edge of your seat, alternating your gaze between the wall clock and your watch, shouting 'X minus five, X minus four, X minus three' . . . right up until the end of the hour."

### Evening Classes . . .

(Continued from Pg. 1, Col. 3)

Psychology 101, Monday and Wednesday, 7-9:30 p.m., Stuart Kosnick, instructor.

Music 140 (Male chorus) Tuesday, 7:30 to 9:30 p.m., music room at Pasco High School.

Other classes to begin as soon as enrollment increases will be: Water colors and oils, arts and crafts, real estate procedures, Washington state history and government, family life education, classes in home management and study of the pre-school child, and body building and weight lifting.

## A New Life For An Old Industry

The Connecticut Daily Campus reports this one: It seems there's been a boom in the sale of mustache wax lately. Since that item hasn't been overly popular since the days of Teddy Roosevelt, manufacturers started checking back and traced the increased sales to the least expected place, the college campus. America's clean-shaven college youth are now buying the product, but not for the purpose for which it was originally intended. Undergraduates, after adopting the crew cut, couldn't make their hair bristle. Then, some wise fellow remembered great grandpa, and found that nothing will stiffen a crewcut better than good, old-fashioned mustache wax. Result: New life for the makers of mustache wax.

For further information and registration inquire Columbia Basin College, Liberty 7-5602, Harold Severaid, coordinator, George Askegaard, coordinator, Mrs. J. C. Stapler, assistant.

Evening college courses offer full credit and cost the same per credit hour as the day school. High school credit may be earned under a special supervised plan. Enrollment fee of five dollars is charged for each course. A high school equivalency certificates may be had by examination for those 21 years of age or over. Industrial apprenticeship students are enrolled by their trade unions.

Commercial subjects are the most popular with a full enrollment each year for both typing and shorthand. Industrial courses bring people from the largest commuting area, Richland. Most of the students are from Richland, Kennewick and Pasco. Students may register in both day and evening school, enlarging the choice of subjects available. The evening male chorus is attended by day school music students.

Instructors come from the Tri-Cities. College courses are taught by people with the same educational qualifications as the day school. Industrial and hobby courses are taught by skilled craftsmen.

## Welcome Given By Registrar

As registrar of Columbia Basin College I bid the faculty and student body of our institution a hearty welcome. We are proud of our faculty and we are proud of our students. We are building on a solid foundation and can predict a healthy growth for the institution for many years to come.

You should all know that Columbia Basin College was admitted as an active member of the American Association of Junior Colleges for the year 1956. Acknowledgment and certificate of membership was signed by Edwin D. Schlaeger, President of AAJC and J. P. Bogue, Executive Secretary AAJC and received by us during our winter quarter of the 1955-56 school year.

Your registrar was admitted to full membership in the American Association of Registrars and Admissions officers a year ago. He will have an active part in the Pacific Coast Regional meeting of the association in their meeting in Spokane early next month.

We should all review the purpose of Columbia Basin College. It is to fulfill the needs of students who, desiring to continue their education, fall into one of the following categories:

1. Those who plan to continue towards the Bachelor's Degree and need courses of a general preparatory nature, including pre-professional courses.

2. Those who desire to continue their education for two years or less beyond high school in pursuit of vocational training or semi-professional training in preparation for immediate entrance into vocational or semi-professional fields of occupation.

3. Those who desire two years of general or cultural education beyond high school.

4. Adults who wish to continue general or specialized education.

The area served by Columbia Basin College includes the lower Yakima Valley, lower Columbia Basin, east to Walla, Walla and Dayton and south to and including Umatilla-Pendleton area in Oregon. Some of the students are from beyond this commuting area. We bid you all Godspeed in achieving your goal.

George P. Askegaard,  
Registrar.

### Cheerleaders . . .

(Continued from Pg. 1, Col. 1)

land for one year and then quit to enter the Navy, where he completed his high school education while also graduating from the Navy's engineering School.

Donald was in the tumbling class at Richland and has studied tumbling for about four years. He was President of the Roller Skating Club of Richland and a member of the Fleet Diving Team at San Diego that placed second in Fleet competition.

## "More Student Activities

I would like to begin this article by saying that I feel it was both an honor and a privilege to be elected President of the Associated Student Body. I accept this position with a deep sense of responsibility and I will do everything in my power to successfully fulfill the duties assigned to my office.

My platform was based on more student activities, and I plan to put this into effect as soon as possible. I have set a program scheduling a dance for the student body at least once a month at which I will expect your full cooperation and participation.

## Secret File C.B.C.

For the first in the history of our college we are allowed, through the permission of the Elvis Presley fan club, to take a foreboding glance at the secret files of C.B.C.

It took us three days of glancing forebodingly to find the secret files, because the secret files were so secret that we couldn't find them.

When we found them just where do you think they were? They were in a filing cabinet. Now who ever heard of secret files being in a filing cabinet?

As we cast our curious glance on the dusty old files we noticed that they weren't dusty. Aren't all old secret files supposed to be dusty?

SNAFU—

Next, after ruining three of Franks' new crow bars, we discovered that the files were locked. This presented a problem, so we called upon an expert at picking locks, er—at locksmithing. Courtney had a rough time of it, but he succeeded in ripping off three of his very favorite finger nails, and even then he gave up without a fight.

Next we tried some of the Sophomores' favorite explosives, "two inchers," which worked so well in the student lounge, but even this failed.

Finally some, "real brain," suggested that we try using a key. "You know they don't have files on the moon."

This would be a great suggestion except for the fact that Milton Forbisher has the key and he skipped the country. Good old Miltie! He also took \$50,000 and his book, "How to Win Friends and Influence Cops," with him.

Finally through modern scientific methods and with the help of an eight pound sledge hammer, we succeeded in getting the Secret Files of C.B.C. open.

As we opened the files the first thing we noticed was,—"But, I have to tell them. I've used up all my space? Put it in the next issue? But I was—, yes Cobra!"

Remember gang, be sure to look for Secret File C.B.C. in the next issue, because in all probability and by popular request it won't be there.

Sheer idiocy transcribed from the brain? of Jim Byron.

I will also prescribe an association for those students graduating this year in the years to come. I plan to establish an association for those students having a three point average above.

There definitely hasn't been enough student participation in our athletic outings. The needs our whole-hearted support, so let's turn out for home games.

I am also presenting a petition to the student council for more funds for athletes on road trips. Transportation to out-of-town contests is expected to improve in the future.

In conclusion I would like to reiterate my appreciation of your confidence in me, and assure you that I will produce my best efforts.

Jim Watts  
President of the A.S.B.

## Player Sketch

Richard Clinton Lightfoot, the son of Mr. and Mrs. C. Lightfoot, was born April 1936 in Spokane, Wash. Lightfoot, as he is called by members of the team, attended North Central high school in Spokane. He was a member of the football, basketball, and baseball teams.

Dick graduated in 1954. While in high school he won many athletic awards. Among them was the inspirational player award for football. He was named to the all city team of Spokane. Dick also was member of the 1955 all state team.

## Band Needs Horn Tooters

Some of the CBC students interested in music have taken upon themselves to organize a small band of the better musicians of the school. The main thought being to promote more interest in school assemblies.

This being the bands second year in existence, it is still rather small. New members are urged to join and it is known that there are many band instrument players attending CBC.

So far this year the band has played at one pep assembly. They plan to play at the CBC vs. Yakima football game at Yakima. Suggestions are still wanted by the band for a school song and its words.

The band as it now stands has Bob Harris, Tom Burnside and Bruce Bradley on trumpet; Kent Fleischman and Micky Neilson on bass; and Jack Davis on the drums. The music is being furnished by Mr. John Fitzpatrick of the district music department.

Anyone wanting to help have suggestions for the band may contact any of the members mentioned above. The group needs everyone's backing and cooperation if it is to be a success. They are hoping to receive it from the school and students.

# CBC SPORTS SPOTLIGHT

BY BOB HAMRICK

(Within the CBC SPORTS SPOTLIGHT this week is Columbia Basin College's new football coach HAL AKINS. Coach Akins starred in football at Washington State College and comes to the local helm from Davenport, Washington.)

Welcome to the Tri-City sports scene, Coach Akins. I'm sure everyone in the area will be wishing you the best of luck. Coach, what was your first impression of the Tri-Cities sports wise? It is a very good football area and I am very pleased with our turnout at CBC.

What has impressed you most? All three of the local high schools have very outstanding teams year after year.

I understand that you were head football coach at Davenport high school last year. Is that correct? Yes, that is right. Where did you coach before that? Bridgeport, Washington. Could you give me some idea where Davenport is? (for the sake of newcomers). Yes, it is about 35 miles due west of Spokane in the wheat country.

COACH AKINS

What kind of athletic future do you think Columbia Basin College has? The outlook here is excellent and the only place the college can go is forward. The area here has a very unlimited range in which to draw and I have very high hopes for the future.

There are some king size rumors going around that you coached some very outstanding teams up north. We finished second twice in the last two years but there were some handicaps.

What kind of athletic future do you think Columbia Basin College has? The outlook here is excellent and the only place the college can go is forward. The area here has a very unlimited range in which to draw and I have very high hopes for the future.

The difference in the 20 to 12 defeat handed the Hawks in their debut was mostly fundamental errors and lack of

experience, wouldn't you say? Yes, mostly on pass defense and mental errors.

Was that also the big difference at Wenatchee, or was it because of the Knight's enormous stock of talent which won them the conference championship last year? It was mostly the case of two things: (1) we didn't play as good a game and (2) the Wenatchee club had more size and speed.

Have injuries played a big part so far this season? Yes, we have been hit pretty hard so far.

Coach Akins, have you had a chance to see any of the area's preps in action this year? Yes, Richland, Pasco, and Kennewick.

Are there any prepsters in the area which look to be college caliber? Yes, quite a few. John Meyers of Richland is definitely and about the entire Bomber line. I haven't had a chance to see Bill Johnson play but I hear he is great. Also Jim Monasmith and Niel Bloom of Kennewick and Pasco's Fred Fields look to be good material.

Do you think that junior college hurts a player's chances of making teams at larger colleges or universities? No, I don't. In some respects it does them good. They gain more experience than in some of the Pacific Coast freshmen squads.

In your opinion what is the major difference in coaching step and junior college squads? The greatest difference in my opinion is that your opposing coaches are much better and you really have to be alert all the time.

The backing by the fans at our home games has been excellent. Would you be in favor in future years of having the loudest split between the three local cities? (Richland, Pasco, Kennewick). It wouldn't be a bad idea.

Many think that this would create more interest in the college. Do you agree? Yes, many people in Richland and Kennewick feel that Columbia Basin College is strictly a Pasco college and I think it would loosen some of this tension.

## SPORTS SHORTS

The Golden Hawks are still looking for the big FIRST... But the Rangers of Olympic will prove too strong... Olympic by 18... CBC has been held to only 37 points while their opponents have scored a total of 85... Coach Hal Akins a former WSC grid star... A good pass defense would have won two for the Hawks... Who suggested "Hawks" for our name? ask Mr. Shiley... Coach Akins was surprised that Richland's H. S. Bombers out-weighed his own line... by a little bit... The attendance at both home games has been great... Let's keep it up.

## Hawks Still Looking For Big One

QUARTERBACK Daryl Ziemer is brought down in the Whitman secondary by a host of pursuing Missionaries. Ziemer carried the ball over for the Hawk's first touchdown

on a quarterback sneak. He also completed 6 of 12 passes and gained 74 yards in 20 carries. Whitman tied the game in the closing minutes, 19-19.

## Whitman Battles To 19-19 Deadlock Locals Face Olympic J.C. Saturday Hawks Travel Win Unlikely

Saturday night the Columbia Basin College Hawks travel to the coast for a battle with the Rangers of Olympic Junior College. The contest is slated to start at 1:30 p.m. on the Bremerton field.

The Hawks will still be looking for victory number one while the Rangers try to better their current record of one win and one loss.

Olympic lost only to the Black Knights of Wenatchee in last week action 28 to 0 while the local were held to a 19-19 deadlock by the Whitman College Junior Varsity.

## Everett Wins Opener 20-12

Everett's pass minded Trojans handed the Hawks of Columbia Basin College a 20-12 setback in their debut to the football world.

The locals played a good game but the Trojans, who are a perennial football powerhouse, put on a potent passing attack that bagged two fourth period touchdowns and gave the visitors a come from behind victory.

The game was highlighted by a 96 yard run by Dennis Wayne on his first carry of the game for the first touchdown of the contest.

Everett's pass patterns led to the down fall of the Hawks as they completed 10 of 15 passes thrown. CBC scored its only other tally as the result of a 55 yard march and a three yard quarterback sneak by Chuck Wilkes.

BILL NEARENTS, right end from Pasco rushes into the scene of action during a recent gridiron battle with Whitman. Nearants stands 6-foot and weighs 175 pounds.

### WSJC FOOTBALL STANDING

|                |   |   |       |
|----------------|---|---|-------|
| Wenatchee      | 3 | 0 | 1.000 |
| Yakima Valley  | 2 | 0 | 1.000 |
| Lower Columbia | 2 | 1 | .667  |
| Olympic        | 1 | 1 | .500  |

| Columbia Basin | 0 | 2 | .000  |
| Centralia      | 0 | 2 | .000  |

### SCHEDULE

All home games played at Pasco junior high field at 8:00.  
C.B.C. at Olympic.....Oct. 13  
Lower Columbia at Pasco.....Oct. 20  
C.B.C. at Yakima.....Oct. 20  
Centralia at Pasco.....Nov. 3  
C.B.C. at Grays Harbor.....Nov. 10

## Fumbles Cost CBC Victory

The Whitman College Junior Varsity scored a touchdown with only one minute remaining in the game to tie the Hawks of Columbia Basin College 19 to 19 last Saturday at Pasco.

The Hawks played their usual fine ground game as they ripped off 340 yards to the Missionaries 170, but the difference of the score lies in the Hawk's poor pass defense.

The Whitman quarterbacks hit 9 of 18 passes, two for touchdowns which earned them a deadlock game.

Quarterback Daryl Ziemer scored the first touchdown for the Golden Hawks on a quarterback sneak early in the first half.

The Wilkes brothers counted for the most yardage gained and the Hawk's other two tallies. Bob scored the second on a one yard plunge, while Chuck romped 44 yards for the third.

## Black Knights Hoof CBC 46-6

The Columbia Basin College Hawks were sent down to defeat by the lances of the Black Knights of Wenatchee Junior College 46-6 in their second outing of the season.

The defending champions rolled to a 25-0 halftime lead as the Basin College could do little to stop the on rush of their hosts. The Black Knights put on an exhibition of pass snagging as they hooked the ball from the Hawks arms time after time.

In the second half the Knights ran their total to 46.

## Famed Speakers To Give Talks In Coming Series

Dr. Helmut de Terra, archeologist; Mr. Norman Dyhrenfurth, mountaineer; Mrs. Eleanor Roosevelt; and Dr. Ralph E. Lapp, nuclear scientist, have been engaged as guest speakers in a lecture series sponsored by the Associated Student Body of Columbia Basin College.

The lectures will be held in the Pasco Senior High School Auditorium at 8:00 p.m. on the following dates:

November 14, 1956, Dr. Helmut de Terra. January 21, 1957, Mr. Norman Dyhrenfurth. February 11, 1957, Mrs. Eleanor Roosevelt. April 18, 1957, Dr. Ralph E. Lapp.

Mrs. Roosevelt, whose political experiences are well known, will speak on international affairs.

Dr. de Terra, who is a research associate at Columbia University, will talk about digging for the relics of pre-historic man.

Dr. Lapp, well-known science consultant and director of the Nuclear Science Service, will discuss some aspect of science in the modern world.

## Byers Is President Of 1956-57 German Club

The German Club met September 28 to elect officers for this year. Ron Byers, Clem Maberry, Wally Adams were elected president, vice-president, and secretary. The treasurer is the club's advisor, Jim Devine.

Ron Byers, Pasco high graduate, is in his second year at CBC. Clem Maberry from Germany has been in the United States five years, and Wally Adams graduated from Kennewick senior high.

The German Club is the oldest, organized club on the CBC campus.

## CLASS PRODUCES SHOW

The TV production class is sponsoring their own show, which will be on KEPR-TV October 20. This show will be a resume of college life so far and will inform the public as to the rest of CBC's activities for the coming year.

This show will also have entertainment, featuring the Armand Boatman Trio and a girl soloist from the college.

**NEW AWS OFFICERS**—Pictured above are the women who will lead the Associated Women Students for the 1956-57 collegiate year. President Dorothy Dahl (center sitting), treasurer Cherry O'Bannon (left), Secretary Joy Pendleton (right), and Vice President Betty Anderson (standing) are the big four.

Photo by Steve Severson Studio.

## Collegiate Staff Chosen; Editors Are Optimistic

"With all the enthusiasm and the experienced help on the Collegiate staff this year, I hope to be able to produce a fine newspaper for the college," was the statement given by editor-in-chief Tom Burnside when interviewed as to this year's publication of the Collegiate. This is no new job for Tom, as this is his second year at the number-one position on the staff.

On down a notch comes Jim Brand who holds the post of associate editor. Last year Jim

was editor of the Richland Sandstorm.

Bob Hamrick, the Sandstorm's ex-sports editor, is back at a familiar job. He is sports' editor for the CBC Collegiate.

The position of society editor is occupied by Sonja Olson. Last year she held a similar job on Kennewick High's Lions Roar.

Judy Mylerberg is contributing her experience gained as a copy reader on the Pasco Wasco to be copy editor for the Collegiate.

Exchange editor for the year is Patty Kau. She held the same position on the Wasco.

The chief seller though, is our business manager Roland Franks. Last year he worked on the Lions Roar.

Last but by far the least are the reporters. Without these faithful workers there would be no paper. They are: Dick Tschauner, Mickey Nelson, Chuck McHaney, Joyce Trull, Lois Kirk, Dale Harpe, Charles Conway, Ed Merseth, and Jim Byron.

## Richland Sends Invite To Homecoming Events

Richland high school graduates attending CBC are invited to attend Richland high's homecoming activities. There will be a reserved section for all alumni wishing to attend the special assembly at 2:15 p.m. The parade will begin at 6 p.m. and will be followed at 8 p.m. by the game with Pasco. Immediately after the game the annual homecoming dance will be held and all grads are urged to attend.

This year's homecoming theme will be "Moments to Remember."

## AWS Hold Election Plan For Big Year

Two freshman girls, Joy Pendleton and Cherry O'Bannon, were elected for the posts of secretary and treasurer respectively, in the Associated Women Students runoffs, Friday. In earlier elections Betty Anderson was chosen for the vice-president position and Dorothy Dahl for president.

Miss Dahl, a Pasco girl, who is beginning her second year at CBC, stated that she expects a good year for the club. "Although AWS is a comparatively small organization, we are planning on a big year. We have a great group of girls who are interested in promoting AWS and CBC. We got a fine start at the first football game, where we handled the concessions."

sions."

A planning program yesterday to lay out the and service events for the 1956-57 school year. There be one or two social events each quarter and a service mittee, which will be in charge of the first aid room, girls powder room, and other things.

Mrs. Vanetta Stapp, advisor, states that "If we as good workers as good lookers, it will be a club."

## CBC Students Attend Concert

Richard Tucker, Metropolitan Opera star, was the first artist of the season for the Community Concerts. Monday evening an excellent concert was presented by this leading tenor.

Columbia Basinites, who are also music lovers, can take full advantage of their A.S.B. ticket privileges by attending the programs of the Pasco-Kennewick Community Concert Series.

The remaining three concerts of the series are:

Totenburg Instrumental Ensemble, November 28, 1956. Lion Fleisher, January 21, 1957. Obernkirchen Children's Choir, April 8, 1957.

The concerts are held in the Kennewick high school auditorium. They start 8:30 p.m.

## State Dignitaries Visit Col-Basin

Dr. S. B. Martorana, supervisor of the Junior College Division, United States Department of Education, and Dr. Grant Morrison, supervisor of Junior Colleges for the State of Washington visited Columbia Basin College last Friday to discuss CBC's pending expansion program.

Dr. Mortorana and Dr. Morrison met with Mr. Jack Cooney, Director, Mr. Herman Jaeger, Superintendent of Pasco Schools, and Mr. P. A. Wright, Consultant. They discussed plans for a new academic building for CBC and also faculty organization.

CBC expects an enrollment of 600 to 650 next year. The new academic building will be needed to house this large enrollment.

Both Dr. Martorana and Dr. Morrison helped organize CBC in September, 1955.

## Skirts, Sweaters Proving Popular

By SONJA OLSON

Campus coeds this fall go wrong wearing the popular sweater and skirt combinations. The one big change is the appearance of new fabrics.

Some of the new sweaters on the market are the bulky styles of either wool or cotton. These are especially popular for casual and sport. They come in mighty herringbone patterns when getting cold.

There are also numerous blends being shown. The cashmere look and the price. For a dressy look a fur blend is outstanding.

Fur blends aren't shown in sweaters though the skirts have some of the same type of mixture often are dyed the same as the color as the sweater to make a matching outfit. Another that looks like a fur mix is an Italian weave called This new fabric feels like a kitten and it comes out any of the troubles it had with one.

Not to be out done are the tweeds, which are ever before. Some giant raindrop slubs of defined stripes, checked herringbone weaves show flecks of kemp of mohair on a tightly monochrome. These all makings of an important fit which will serve a college girl to the fullest.
